

Job # 2069 IT MANAGER

Company Overview

Xunlight Corporation, a technology spin-off from the University of Toledo, engages in the development, manufacture, and marketing of photovoltaic modules that convert sunlight into electricity. The company develops thin-film silicon based photovoltaic products and manufacturing equipment for high throughput production of flexible and lightweight photovoltaic modules at low cost.

Job Description

This position is responsible for all facets of Information Technology, including hardware, software and networks. While this position includes a strong strategic component, it also requires a strong “roll up your sleeves” mentality. This position reports to the Chief Financial Officer.

Job Experience in the following areas:

- Strong ERP experience (Implementation experience for Dynamics AX or Oracle a strong plus)
- Detailed knowledge of Windows 2003 Network, SQL Server 2005 and Terminal Services
- Knowledge of data security & backups and database monitoring
- Strong desktop/laptop environment maintenance skills
- Microsoft Office and SharePoint knowledge a strong plus.
- Programming Experience in a DotNet environment a strong plus.

Job Requirements

- Minimum of a bachelor’s degree in Computer Technology
- 3-5 years experience in IT management
- Strong interpersonal skills

For consideration, please submit resume and cover letter as well as salary requirements and contact information for 3 business references to hr@xunlight.com. Please refer to Job# 2069 in subject line. No phone calls please.
